 **RASONQUE**™
(daraxonrasib) tablets 100 mg
150 mg

Introduction

My care team

My appointments

My medications

My comfort corner

Checking in with me

A space for you to document your personal path

This journal is a place where you can record your treatment experience.

You can use it to:

- Stay on top of your treatment plan
- Record how you are feeling
- Keep track of your experience
- Celebrate small wins

Actor portrayal.

Use this journal to track how you are feeling each day. Sharing it with your care team may help them better understand your experience and support your needs

My care team

Your care team is an important part of your experience. List your care team members and their contact information below. Be sure to reach out to them if you have questions or need support.

Name	Contact info
	

Always talk to your care team. They can help support you during treatment with RASONQUE

Notes for my care team

You can use this space to record questions for your care team or to take notes during appointments.

My appointments

Fill out this chart before you meet with anyone from your care team. It can help you be prepared so that you can get the most out of every visit.

Date	Time	Healthcare provider's name	Purpose of appointment	Location	Things to discuss during appointment
					

If helpful, ask a family member or friend to help track these details

My appointments

Fill out this chart before you meet with anyone from your care team. It can help you be prepared so that you can get the most out of every visit.

Date	Time	Healthcare provider's name	Purpose of appointment	Location	Things to discuss during appointment
					

My medications

Use the chart below to track the medications that you are taking. Keep this chart updated to have all your medication details in one place. It can help you remember what each medication is for, when to take it, and how often.

Medication details		
 Name of medication	What's it for?	When? (eg, morning, evening)
How often? (eg, twice daily)	How? (eg, with food)	Other comments

Medication details		
 Name of medication	What's it for?	When? (eg, morning, evening)
How often? (eg, twice daily)	How? (eg, with food)	Other comments

Medication details

Remember to also tell your care team about any over-the-counter medicines and supplements you are taking

My comfort corner

Your care team may talk with you about how to prevent or manage some common side effects of RASONQUE. Keep track of side effects here to show the team how things are going.

Side effect	When did it start?	How bad? (scale 1–5; 1=least severe)	What have you done to manage it?	Notes
				

Checking in with me

Your care is about more than just showing up to your appointments. Checking in with yourself and how you feel can help your overall well-being. It's important to celebrate your small wins!

How's your energy?

☐

Taking it slow

☐

Moving along

☐

Feeling bright

How are you feeling?

Something that went well:

Did you do something for yourself? Talk to a friend? Eat a great snack?

Looking ahead:

Write about something you're excited about or looking forward to.

Set a weekly reminder to log how you are feeling.
It is helpful for your care team to know

Looking for more?
